

Majd H

Houston, TX | 470-770-8162 | **LinkedIn:** [linkedin.com/in/majd-h](https://www.linkedin.com/in/majd-h)

Professional Summary

I'm a Senior Web Developer with **3+ years** of experience in **React** and **.NET**, specializing in building **full-stack applications** that deliver exceptional user experiences. I've worked on cybersecurity platforms and built stunning websites, always ensuring the solutions I create are secure, high-performing, and tailored to client needs. I also have experience managing content using **Squidex CMS**. My goal is to create innovative, high-quality digital solutions that not only meet but exceed expectations.

Technical Skills

- **Programming Languages:** C#, PHP, JavaScript, TypeScript, HTML5, CSS3
- **Frameworks & Libraries:** Laravel, React.js, Next.js, .NET Core, ASP.NET MVC, SASS/SCSS
- **Version Control:** Git, GitHub
- **Database Management:** SQL, MySQL, PostgreSQL
- **Development:** Responsive Web Design, UI/UX, Web Performance Optimization
- **Tools:** ChatGPT, Content Management Systems

Certifications

Play It Safe: Manage Security Risks (Google)

Foundations of Cybersecurity (Google)

Modern React with Redux (Udemy)

Professional Experience

Senior Web Developer

ScanWave | Jordan | March 2020 - October 2023

- Led updates to the GRC (Governance Risk Management and Compliance) Platform, improving protection for over **40 clients** against the latest exploits and vulnerabilities, reducing security incidents by **35%**.
- Managed and updated content for both the GRC Platform and the public-facing website using CMS services, improving operational efficiency by **25%** through streamlined content workflows.
- Developed custom report and certificate printing features in the GRC platform, utilizing SQL queries for data retrieval and manipulation, automating processes and reducing manual efforts by **30%**.
- Optimized database performance by writing efficient SQL queries and stored procedures, resulting in a **20% improvement** in application response times.

Project Experience

Founder & Creative Director | [Mecvino Designs](#)

- Launched and managed a successful digital art brand specializing in anime-inspired JDM car wallpapers for iPhone.
- Designed and created unique, high-quality wallpapers, blending Japanese car culture with bold, artistic styles.
- Built and maintained an e-commerce platform for seamless customer experiences, including payment integration and download systems.
- Developed a strong online presence through Pinterest, Instagram, and other social platforms, driving engagement and brand recognition.
- Provided custom design services for clients, ensuring personalized and high-quality results.

Senior Web Developer | [ScanWave Public-Facing Website](#)

- Driving a **50% increase in user engagement** through enhancements in UI/UX and responsiveness using React.js, Redux, TypeScript, Framer Motion, Material UI (MUI), ASP.NET Core, and SendGrid.
- Implemented a newsletter feature that boosted client communication by **35%**, resulting in **15% more service subscriptions**.
- Increased newsletter sign-up rates by **35%**, enhancing customer retention and engagement.

Education

Bachelor of Software Engineering Princess Sumaya University for Technology | Amman, Jordan | 2014 - 2019
